

Adel Djeziri

Flutter Mobile Developer | Full-Stack | Cybersecurity & AI

Algiers, Algeria · 0560 99 27 31 · adel.djeziri.42.46@gmail.com [LinkedIn](#) · [GitHub](#) · [Portfolio](#)

Profile

Flutter developer with 4 years of experience building cross-platform (iOS and Android) mobile apps, and over 5 years of programming overall. Strong in state management (BLoC/Cubit, Provider, Riverpod, GetX), REST API integration and Clean Architecture, and used to working in agile teams. Holds a Master's degree in Cybersecurity and Artificial Intelligence. Currently working at Etelec; based in Algiers and open to hybrid roles.

Technical Skills

- **Mobile:** Flutter and Dart (4 years)
- **State management:** BLoC / Cubit, Provider, Riverpod, GetX
- **APIs and backend:** REST APIs, Firebase (Auth, Firestore, FCM, Storage), Laravel, PHP, third-party integrations
- **Architecture:** Clean Architecture, MVVM, Repository Pattern
- **Tools:** Git, GitHub, ClickUp, Postman, Figma, Adobe XD, Android Studio, VS Code
- **Methods:** Agile / Scrum, sprints, code review, teamwork
- **Other languages and frameworks:** Python, Kotlin, Java, TypeScript, Angular, React, C#, HTML, CSS
- **AI, data and security:** scikit-learn, TensorFlow, Pandas, NumPy, Matplotlib; systems administration, network routing, cybersecurity

Professional Experience

Flutter Mobile Developer (Mid-level) — Etelec · July 2026 – Present

- Work on a variety of mobile projects, applying Clean Architecture and structured state management.
- Collaborate closely with designers to turn UI/UX designs into polished, working apps.
- Contribute to the company's growth by delivering reliable, maintainable products.

Flutter Mobile Developer (Junior) — Badnitech, Algeria · 31 March 2026 – 5 July 2026

- Build and maintain cross-platform Flutter/Dart apps in a professional team environment.
- Apply BLoC/Cubit and Provider for scalable, maintainable state management.
- Integrate REST APIs, handle data flows, authentication and real-time synchronization.
- Work in agile sprints on ClickUp: task planning, code reviews and releases; contribute to architecture decisions.

IT Trainer — National Gendarmerie School, Ain Defla – Miliana · 2025

- Taught computing and methodology to gendarme cadets.
- Produced structured teaching materials and supervised practical sessions.

Freelance Mobile and Full-Stack Developer — Independent projects, remote · 2021 – Present

- Delivered 5+ Flutter apps to production: medical appointments, hotel booking, medication search, sales management.
- Built websites and desktop software for businesses and university institutions.
- Handled the full project cycle: requirements, UI/UX in Figma, development and deployment.

Projects

Doctor Appointment App — Flutter, BLoC, Firebase (Firestore, Auth) Mobile app for booking medical appointments, with authentication and scheduling.

Medi (Medicament in the Hand) — Flutter, REST API, geolocation Finds medications available in nearby pharmacies using location-based search and an interactive map.

Siahaty Reservation — Flutter Full hotel booking app with filtering, room management and booking confirmations.

EasyPayTrack — C#, .NET Framework Desktop application for tracking installment sales, due dates and customer reports.

Other projects — Portfolio website (Flutter Web), XO Game (React), Agency website (React)

Education

Master's Degree in Cybersecurity and Artificial Intelligence — University of Ain Temouchent, Algeria (2022 – 2024) Advanced cybersecurity, deep learning and AI-driven solutions; research projects applying machine learning to threat detection.

Bachelor's Degree in Computer Systems — University of Ain Temouchent, Algeria (2019 – 2022) Computer systems, software engineering and network management; academic clubs and practical development projects.

Certifications

Fundamentals of Deep Learning — NVIDIA (2023) Designing and training neural networks, with a focus on computer vision and data processing.

Soft Skills

Teamwork and leadership · Problem solving · Fast learner · Project management

Languages

- Arabic: native
- French: fluent (spoken and written)
- English: professional

Additional Information

- Military service completed; available immediately.
- Driving licence, category B.
- Open to hybrid work in Algiers.
